

What is Academic Advising?

Academic advising is a collaborative relationship between a student and an advisor to assist the student in the development of meaningful educational plans and goals that are consistent with personal interests, values, and abilities.

HDFS Advisor Information & Location

Arianna Buchanan

1st Year HDFS Majors & All HDFS Minors
Prospective Students & Change of Majors
Forbes Building Room 203
520-621-3616
ab834@arizona.edu

Liz Collins

Sophomore, Junior, & Senior HDFS Majors
McClelland Park Room 203F
520-621-0385
eamartin@arizona.edu

Academic Advising & Student Learning Goals:

Consistent academic advising meetings will expose students to important information, resources, and opportunities that will aid student success. Advising within the Norton School of Family and Consumer Sciences is committed to working collaboratively with students as they work toward the following learning goals.

- Students will demonstrate knowledge of university and college academic policies and procedures
- Students will demonstrate knowledge of HDFS academic curriculum, including all requirements needed to graduate according to personal timeline and goals
 - Students will learn the role of their academic advisors in their college education, and will learn how and where to locate their academic advisors when needed
 - Students will learn how to find and utilize their academic advisement report and HDFS catalog checklist, and will construct an academic plan for graduation
 - Students will learn how to navigate university websites in order to find policy information regarding dates and deadlines, withdrawing from courses, financial aid and tuition, and academic requirements
- Students will demonstrate increased responsibility for making decisions regarding academic, personal, and professional goals
 - Students will learn how to find and utilize university resources that will support individual needs and promote academic success
 - Students will learn how to seek guidance from faculty and advisors, and will develop connections that support their academic and professional growth
- Students will demonstrate an understanding of career and professional development opportunities
 - Students will learn how to connect with the HDFS internship coordinator and other on-campus career development services
 - Students will critically reflect upon academic and career goals through advising conversations, personal exploration, and participation in extracurricular experiences

Make the Most of Academic Advising: Before, During, and After Your Meeting

Before: Review your academic advisement report, familiarize yourself with dates and deadlines, come prepared with an HDFS catalog checklist, bring questions. Remember to cancel 24 hours in advance if you cannot attend

During: Arrive on time, sign in at the front for in person meetings, put phones and other distractions away, share your goals, be open about how things are going academically and personally, ask questions, & take notes

After: Keep an advising folder with information from all meetings, complete follow up steps and seek resources that your advisor recommended, ask follow-up questions if anything is unclear after your meeting

Advising Roles and Responsibilities

Student Responsibilities

- Read University Email Daily
- Take the initiative to meet with your advisor at least once per semester, or as often as needed, to discuss your progress
- Be involved in the advising process by being prepared to discuss your goals and educational plans during meetings, bring questions and necessary materials to your meeting, and be open to suggestions
- Take responsibility for making academic and career decisions based on available information and advice
- Develop a working knowledge of policies, procedures, deadlines, and campus resources
- Create an academic plan directed toward completing your degree
- Review and become familiar with your major/minor requirements each semester and track your progress towards graduation
- Utilize UA resources that will help you succeed academically and prepare for life after graduation
