

# ATRI Student Summer Research Program

## Research Development Track: Request for Applications

December 15, 2023 - The USC Keck School of Medicine Alzheimer's Therapeutic Research Institute (ATRI) Student Summer Research Program is an eight-week, full-time, in-person, immersive, mentor-guided summer research training program in San Diego, CA, with the aim to increase the number of highly motivated students who are interested in considering a career in Alzheimer's Disease (AD) clinical trials. Students will work closely with and learn from an internationally renowned, multi-disciplinary team of scientists, researchers, and staff members at ATRI. Students will participate in AD clinical trials focused lecture series, workshops, and team meetings to develop competencies in AD clinical trials research and trials operations, professionalism, effective science communication, and presentation skills.

The ATRI Student Summer Research Program's Research Development Track is now accepting applications. **Undergraduate students**, in their Junior or Senior year, with interest in academic and clinical research are encouraged to apply.

### Program Details

Monday, June 17, 2024 – Friday, August 9, 2024

Students in this track work closely with faculty to develop a hypothesis driven research question and learn how to draft a research plan, analyze, and interpret the data under the guidance of relevant teams.

Fields of interest available are (a) Biostatistics, and (b) Recruitment & Retention Science. Students will be fully integrated into the ATRI network and community and will receive an hourly compensation of \$20.00.

### Application Requirements

- Must be legally authorized to work in the United States.
- Must be currently enrolled in an undergraduate program.
- Submission of:
  - Personal Statement
  - Resume/CV

All sections of the application must be completed, and materials must be submitted through the [Application Portal](#) by **5:00 PM PST January 31, 2024**. Applications will not be reviewed until after the application deadline has passed. Selected students will be notified in March 2024.

Application tips and additional details are listed on our [website](#). For questions regarding this Program, please contact the Program Coordinator, Maggie Mastrolorenzo ([mastrolo@usc.edu](mailto:mastrolo@usc.edu)).
